RE: Fidelity Title: Christina Robinson, Marketing Representative

To Whom It May Concern:

I would like to take this time to let you know how impressed I have been with the service I have received from Fidelity Title, and more directly from their marketing representative Christina Robinson and escrow officer Debbie Hamilton.

I had been using the same title company for my escrows for many years and had not planned on changing until changes in the industry made a move imperative. I had known of Christina and how hard she worked and felt it was the right time to give her Fidelity office a chance. I am very happy with the move I made.

The most recent example of great service was a loan I had for a customer who lived in a condo complex that appeared may not meet Fannie Mae guidelines, but we were not sure. Christina and her office pulled all the Affidavit of Value statements from the sales and we were able to prove the complex did meet guidelines. I don't know many title companies that would be willing to go this extra mile and do all of this work above and beyond what is expected.

I endorse Christina and Debbie wholeheartedly and would encourage anyone to make the wise decision, in the best interest of their clients, and use their Fidelity office to handle their escrows.

Sincerely,
