

I am writing this letter to commend Jennifer Kotfila and Christina Robinson with Fidelity Title. We have entrusted our business to Fidelity Title and recently formed strong relationships with both Jennifer and Christina.

Fidelity Title has upheld a level of professionalism that this industry should strive for, especially in this turbulent market. I consistently hold high expectations when myself, or my team submits an escrow to Jennifer and the Fidelity organization. We are continually elated with their level of service, which is composed of utmost diligence and efficiency.

I have invited Christina to all of our Re/Max Fine Properties meetings and she has shown that they are extremely knowledgeable and keen about current market trends, providing energy that motivates my sales team. We are very impressed with their ability to provide excellent resources to our fellow Realtors.

It has been our pleasure to work with the both of them and their colleagues at Fidelity Title and we look forward to continuing our relationship in the future.
